

 Oimsourcing
— Limited —

Furniture Engineering
Since **2020**

About Us.

Who is Oimsourcing?

OIMSOURCE is a trading company based in *Hong Kong*, specialized in **furniture components and accessories. We work directly with **manufacturers across the People's Republic of China, helping our clients **source products, ensure quality, and manage shipments* — whether from our catalog or through customized sourcing solutions.

Location

Our *strategic location in Hong Kong* allows us to act as an efficient bridge between international clients and Chinese factories. Thanks to our *direct relationships with factory owners*, we can secure **competitive prices, reliable delivery times, and quick communication*. This proximity also gives us full visibility and control over every stage of the production process.

Quality Control

At OIMSOURCE, *quality control* is a top priority. Each order is carefully inspected under strict standards that verify materials, measurements, finishes, and packaging. Our team conducts on-site inspections and provides detailed reports, ensuring transparency and confidence in every shipment.

Beyond sourcing and inspection, OIMSOURCE also handles *export logistics*, coordinating documentation and container preparation so products arrive on time and in perfect condition.

More than a supplier, OIMSOURCE is a *strategic partner* dedicated to simplifying global procurement. We connect our clients with the best manufacturers in China, guaranteeing *efficiency, quality, and trust* in every transaction.

If you are looking to optimize your furniture component sourcing, OIMSOURCE is ready to support you — *every step of the way*.

SPRING

Spring Classification

(SL) SUPER LOOP

(XL) HALF LOOP

(ZZ) ZIG - ZAG

Super Loop, Half Loop and Zig-Zag springs are so versatile that they can be adapted to different needs depending on the function required. You can find them as flat springs, in coils, or cut to size according to your requirements.

SUPER LOOP

Spring with moderate action and maximum coverage.

MEDIO LOOP

Provides greater comfort and efficiency compared with Zig-Zag springs.

ZIG-ZAG

The "basic" spring for upholstery operations.
